## **SWEEKAAR REHABILITATION INSTITUTE FOR HANDICAPPED, SECUNDERABAD**

Sweekaar Rehabilitation Institute for the Handicapped was started in 1977 to rehabilitate the persons with mental retardation, locomotor disability and speech and hearing impairment, serving for the past 30 years. **Our motto is rehabilitation from "Womb to Tomb"**

We could grow to the present stature starting with two staff members and 5 children in a small room to 450 rooms facility manned by 450 staff members rendering services for 2550 people per day through various departments. We provide services for high-risk babies, early intervention for children with developmental delays, children with Autism, M.R, C.P.,A.D.H.D, L.D, Home for aged, artificial Limb Center, Drug D addiction center, /comprehensive rural rehabilitation centers and mental illness.

Sweekaar is non-profit, non-commercial voluntary organization. Upkaar, Dr.Pasupuleti Nirmala Hanumantha Rao Charitable trust is a sister organization of Sweekaar. Both the organizations are serving the mentally handicapped, physically disabled, deaf, aged, drug addicts, widows, orphans and destitute.

Sweekaar and Upkaar, the to monuments bear the testimony of our concern and commitment to the persons with Disabilities. All these centers will provide extensive exposure to students of B.Ed ( HI).

### **ABOUT THE COURSE :**

B.Ed Special Education (Hearing Impaired) is a course affiliated to Osmania University, Hyderabad and approved by the Rehabilitation Council of India, New Delhi.

Special Education is an emerging field with the manpower requirement having increased in the past decade. As the Persons with Disabilities (Equal Opportunities, Protection of Rights and Full Participation) Act, 1995 emphasis's education as the right of every child with disability, the role of special educators has further been broadened.

If we look at the scenario of educational services in the country, we have large number of special schools, integrated schools or special classes in regular schools and special education programming g in community based settings. The B.Ed. Special Education (Hearing Impaired), therefore, aims at training special educators to work with children with Hearing Impairment in different settings mentioned above.

On completion of the course, the teacher can function as a Coordinator/Incharge/Principal of special schools where slow learners and children with learning problems are found in the main stream.

Special Educator in a multi-disciplinary team in various settings as and when the need arises.

**SCOPE :**

The above functions are envisaged keeping in mind the National Policy on Education 1986, which states (1) children with mild disabilities will be in regular schools, (2) children with severe disabilities will be in special schools, (3) vocationalisation of education should be considered in school level (4) teacher training programmes should be re-oriented to include children with special needs and (5) voluntary efforts must be encouraged. This being the case, the above programme will prepare teacher who can work effectively as resource room teachers in regular school and will have the competencies to teach children with mild disabilities.

Further, the experience shows that the regular schools have been reluctant in starting resource rooms because of lack of trained manpower. This may also help in having a wider scope of employment of the special education teacher in the regular educational setting to act as a resource teacher. The course content includes organization and administration skills, thus pre-vocational areas and involvement in community, thus preparing the teacher to plan for total educational programming for persons with mental retardation in the school going age.

**ELIGIBILITY FOR ADMISSION :**

- A. Admission to B.Ed Special Education (HI) is on the basis of merit at the entrance examination, subject wise rules and regulations by the University from time to time.
